

12th International Spark of Life Conference Neonatal Satellite Meeting 9 May 2019

Join us for an exciting scientific program exploring the latest advances and controversies in the Neonatal world, delivered by a panel of local and international experts.

| | | |
|--|---|--------------------------------|
| 09:00 - 09:10 | WELCOME | ARC Chairman Prof Peter Morley |
| WHAT'S NEW IN NEONATAL RESUSCITATION – Chair – Prof Helen Liley | | |
| 09:10 – 09:40 | What's Hot (and What's Not) in Newborn Resuscitation | Prof Susan Niermeyer |
| 09:40 – 10:10 | Timing is everything | Prof Colm O'Donnell |
| 10:10 – 10:40 | Adrenaline – Is it about time? | Prof Stuart Hooper |
| 10:40 – 11:00 | Morning Tea | |
| DELAYED CORD CLAMPING – STILL HOT – Chair – Prof Colm O'Donnell | | |
| 11:00-11:30 | What's the clinical evidence now? | Prof Susan Niermeyer |
| 11:30 -12:00 | How does it work - Transfusion, haemodynamics, stem cells or hands off? | Prof Martin Kluckow |
| 12:00 – 12:30 | Feasibility of resuscitating before cord clamping | Dr Lindsay Mildenhall |
| 12:30 – 13:30 | Lunch & Poster walk | |

13:30 – 14:00

FREE PAPERS – Chair – Dr Marta Thio (Selected from Submitted Abstracts)

OXYGEN AND VENTILATION IN NEONATAL RESUSCITATION – Chair – Dr Marta Thio

| | | |
|--|--|----------------------------------|
| 14:00 – 14:30 | Devices and interphases to provide PPV, are they good enough? | Dr Mark Tracy |
| 14:30 – 15:00 | Starting FiO2 – do we know what's best? | Dr Jennifer Dawson |
| 15:00 – 15:30 | Targets, signals & alarms, and the non-responding baby - Human factors | Prof Helen Liley |
| 15:30-15:45 | Stretch your legs | |
| EQUITY IN RESUSCITATION – Chair – Dr Lindsay Mildenhall | | |
| 15:45 – 16:05 | Role of retrieval services | Dr Kathryn Carmo & Dr Marta Thio |
| 16:05 – 16:25 | Helping Babies Breathe – an update | Prof Susan Niermeyer |
| 16:25 – 16:45 | Keeping it simple | Prof Colm O'Donnell |
| 16:45 – 17:00 | Wrap up | Prof Helen Liley |
